

## FLETCHER WATSON ON TRIAL FOR LIFE

This Famous Case Was Called in Circuit Court Monday.

### JURY WAS EASILY SECURED

Only Half a Day Required to Complete and Swear in the Jury, and in Afternoon Evidence Was Taken—Several Witnesses Are Summoned.

The first day of the fourth week of the circuit court of the Eighth Judicial Circuit for Alachua county convened at 9 o'clock Monday morning. His Honor Judge Willis presiding. The officials looked fresh from the rest of the last three days of the preceding week, and it was evident that they had assembled to get down to business.

The case of the State of Florida vs. Fletcher Watson, charged with the murder of Garrett Chamberlain, was called, and the matter of the selection of a jury began. After spending the morning in this procedure, the following jury was selected:

J. C. Blitch, Lucius Hall, J. W. Dell, George Kitcher, H. L. Beville, J. A. McKinstry, H. J. Bailey, P. Y. Smith, J. L. DeLouch, J. B. Warren, L. E. Means, J. M. Cox, E. A. Osteen was appointed by the court as bailiff.

At the afternoon session the case was begun, and during the session six witnesses were examined. This case will probably require three or four days, possibly, as there are a large number of witnesses to be examined. The matter will be sifted to the bottom and every mite of evidence brought out, as the victim of this cowardly murder was one of Alachua county's most prominent young men.

The State is represented by State's Attorney Calhoun, B. A. Thrasher and C. C. Thomas, while Attorneys Carter and Baker appear for the defense.

At 5 o'clock the court adjourned until 9 o'clock this morning.

### MR. MOYERS RETURNS.

After Several Months' Absence Will Again Take up Home in Florida.

On Sunday the 12th Geo. W. Moyers arrived via the S. A. L. from various points in Virginia, Washington, Philadelphia, New Jersey and Georgia, after an absence of several months. He has had quite an experience in the snowy regions, and did not see a day from December 10, 1904, to March 9, 1905, but that he could see snow on the ground—thermometer often at zero, but came through all without a flaw and feels equal to anything Florida can offer as a summer offset.

While away Mr. Moyers took in the "inauguration" of our strenuous "Teddy," and from the number of Indian and Republican clubs he saw in the parade, which took exactly four hours to pass a given point, he feels thoroughly convinced that the country has gone to the everlasting bow-wows, beyond the hope of any redemption.

With Mr. Moyers came his cousin, Jas. G. Kennedy of Green county, Virginia, an old Dominion farmer, who has come South for the first time to get thawed out. He will be the guest of Mr. Moyers while here and will endeavor to acquaint himself with the methods of our truck farmers, and if he succeeds in "catching on" may decide to locate among us.

### Georgians Buy Oklahoma Lands.

Among those who will go from Covington are O. S. Porter, J. A. Farmer, C. A. Harwell, Evans Lunsford, R. O. Usher, John M. Aaron, Claude Bryan, N. Z. Johnson and L. Jarman.

### Woman Killed by Jealous Rival.

Gainesville, Fla., March 13.—One of Dutton's mines, near Newberry, was the scene of a horrible tragedy. Lula Campbell killed Laura Starks by cutting her jugular vein and inflicting other injuries on her body. The woman died from loss of blood in 25 minutes. The cause of the killing was the alleged intimacy of the Starks woman and Lula's man, Campbell. The woman was arrested and is now in jail.

## TWO OPEN LETTERS IMPORTANT TO MARRIED WOMEN

Mrs. Mary Dimmick of Washington tells How Lydia E. Pinkham's Vegetable Compound Made Her Well.

It is with great pleasure we publish the following letters, as they convincingly prove the claim we have so many times made in our columns that Mrs.

Mrs. Mary Dimmick

Pinkham, of Lynn, Mass., is fully qualified to give helpful advice to sick women. Read Mrs. Dimmick's letters.

Her first letter:

Dear Mrs. Pinkham:—  
"I have been a sufferer for the past eight years with a trouble which first originated from painful menstruation—the pains were excruciating, with inflammation and ulceration of the womb. The doctor says I must have an operation or I cannot live. I do not want to submit to an operation if I can possibly avoid it. Please help me."—Mrs. Mary Dimmick, Washington, D. C.

Her second letter:

Dear Mrs. Pinkham:—  
"You will remember my condition when I last wrote you, and that the doctor said I must have an operation or I could not live. I received your kind letter and followed your advice very carefully and am now entirely well. As my case was so serious it seems a miracle that I am cured. I know that I owe not only my health but my life to Lydia E. Pinkham's Vegetable Compound and to your advice. I can walk miles without an ache or a pain, and I wish every suffering woman would read this letter and realize what you can do for them."—Mrs. Mary Dimmick, 56th and East Capitol Streets, Washington, D. C.

How easy it was for Mrs. Dimmick to write to Mrs. Pinkham at Lynn, Mass., and how little it cost her—a two-cent stamp. Yet how valuable was the reply! As Mrs. Dimmick says—it saved her life.

Mrs. Pinkham has on file thousands of just such letters as the above, and offers alling women helpful advice.

### YOUNG LADY NOT INSANE.

Release of Woman from a Sanitarium Shrouded in Mystery.

New York, March 13.—Mabel Spang, daughter of Charles H. Spang, a wealthy manufacturer of Pittsburg, Pa., who was remanded to a private sanitarium in Yonkers Jan. 19, by order of Supreme Court Judge Marean, has been released and is now said to be in Brussels.

Mrs. Spang's case attracted considerable notice early in January when a man in this city whom she did not even know brought letters corpus proceedings before Judge Marean seeking to have the young woman released from confinement alleged she had no mental ailment.

His restraint in the sanitarium was the result of proceedings which the court refused to make public and after several lengthy hearings Judge Marean refused to order her release. It is alleged that she was released, however two weeks later, the entire affair remaining a mystery.

### A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the council." This remedy is for sale by all druggists.

### Do Not Boil Coffee Too Long.

There is only one mistake that can be made in making coffee, and that is to cook it too much. When subjected to a momentary boiling and then removed from the fire it is a drink for the gods, but if it is kept at a high degree of heat for thirty minutes its character is entirely changed, and it becomes almost poisonous. Of the people who overlook coffee in this way some do it through ignorance, but the greater part of them through greed in order to make it go further and produce a larger profit. What we need is a law making it a capital offense to boil coffee more than three minutes.—Chicago Chronicle.

### The Colonel's Waterloo.

Col. John M. Fuller of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and although I tried my family doctor he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease by all druggists, at 50c a bottle.

### Child Pension in France.

At all times it has been an object with French parents to teach a child to be provident and economical. A child of three can become a member of the Mutualite by giving only 2 cents a week. One cent will entitle it to getting 10 cents a day when it is ill, and the other goes toward getting a pension when it is at a certain age. No one knows how long a child can live, but what does the contribution amount to? There is hardly a child in the world who does not spend that for candy. Now, a boy of eighteen giving 34 cents a month to the society will when he is sixty have a pension of \$72 a year.

### A Safe Cough Medicine for Children.

In buying a cough medicine for children never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it and relief is always sure to follow. It is especially valuable for colds, croup and whooping cough. For sale by all druggists.

## ECZEMA A FLESH FIRE

Those afflicted with Eczema know more than can be told of the suffering imposed by this "flesh fire." It usually begins with a slight redness of the skin, which gradually spreads, followed by blisters and pustules discharging a thin, sticky fluid that dries and scales off, leaving an inflamed surface, and at times the itching and burning are almost unbearable. While any part of the body is liable to be attacked, the

hands, feet, back, arms, face and legs are the parts most often afflicted. The cause of Eczema is a too acid condition of the blood. The circulation becomes loaded with fiery, acid poisons that are forced through the glands and pores of the skin which set the flesh afire. Since the cause of the disease is in the blood it is a waste of time to try to cure it with local applications; the cause must be removed before a cure can be effected. S. S. S. has no equal as a remedy for Eczema; it enters the blood and forces out the poison through the natural channels, and builds up the entire system. The skin becomes smooth and soft again, and the Eczema is cured. Cases that have persistently refused to be cured under the ordinary treatment yield to its purifying, cooling effect on the blood. Book on Skin Diseases and any advice wished, without charge.
